

AGRICULTURE, FORESTRY AND FISHERIES (農林水産業)

Ishikawa is surrounded by the Sea of Japan and approximately 80% of the prefecture comprises of forest land or land for agriculture.

The agriculture, forestry and fishery industries have a multifunctional role in supplying resources and food including rice, wood, seafood, as well as preventing disasters and supplying water resources.

With the intention of invigorating the agricultural, mountain and fishing villages, the prefectural government continues to build on various policies to secure leaders and strengthen business foundations, while at the same time promoting the creation of jobs in the Satoyama and Satoumi regions.

石川県は、周囲を日本海に囲まれ、県土の約8割を森林と農地が占めています。

農林水産業は、これらを活用し、米や木材、水産物等の食料や資源の供給をはじめ、防災や水源かん養といった多面的機能を有しています。

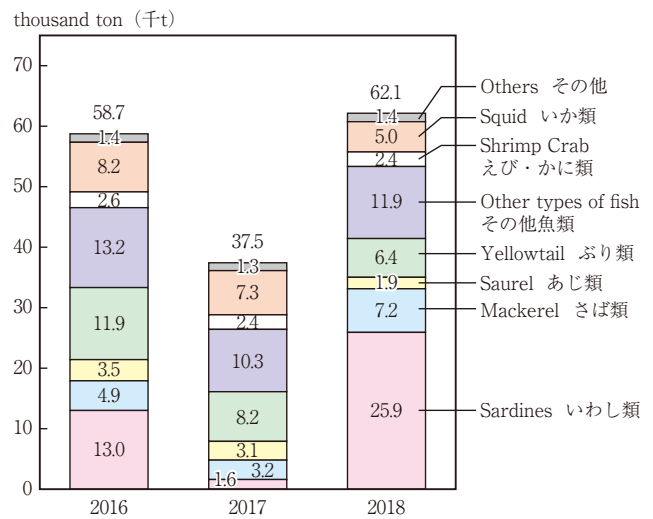

県では、多様な担い手の確保や経営基盤の強化に向けた施策を推進するとともに、里山里海での生業づくりを進め、農山漁村の活性化を図っていきます。
